I stayed in the Field until 2 o'clock. then I started to go to Lampeter called at the Post Office at Langbyther, told him that I had to pay extra for the Paper from Wtah, he told me to write to Carmarthen about it and send the Paper. and then I started up to Lampeter, reached there at 3 o'clock. Boo Post came in as I was going to go out to sleep, he put 2 Shillings in my hand.

Thur 16. I was round the Town in the morning, and in the afternoon  
 I took a walk up the Road to see some family that is related to  
 J. L. E. I discover that they did not care about seeing me, or hear  
 any thing about Utah and especially our religion. But I gave them  
 them some Tracts, and told them what they was, and testified to  
 the truthfulness of Mormonism. I gave some Tracts to parties on the  
 Road, and explained concerning the B<sup>th</sup> Mormon. I then came down  
 towards Town, to see another Family of Edwards relation, I took  
 the Name, and made statement of the death of one of His Cusion's,  
 and gave away some more Tracts, to parties, and testified to the  
 restoration of the Gospel, and returned to Town, at dark. Frid 17.  
 very wet day, I did not leave the House, it being very stormy, nothing  
 particular hapen that day. Sat 18. I was round in the morning,  
 visited an old Man that was sleeping at the Coffee Tavern, and  
 gave him some Tracts, and also introduced the B<sup>th</sup> of Mor, to  
 him, but he burst forth into the fearful passion, and expression  
 of the bitterest kind, said that he thanked God the mobs had killed  
 Joseph Smith, and that there were a railroad made cross the  
 Continent, so the Government could send soldiers over to kill  
 them all, &c I had little time with him, but I worked away  
 at him as the Lord gave me wisdom, I brought him to the Law  
 and the Testimony, and he was confounded, said that he did  
 not believe that his Bible said any such a thing, that it was a  
 Mor Bible that I was reading &c, finally I told him, that that  
 which he so much reviled, was the Church of Christ, and Joseph  
 Smith, who he hated so much, was a Prophet of God, and that the  
 doctrine that he taught to the world, was and is the Gospel of  
 Christ. The People came in for dinner, and I left. After dinner I  
 intended to go home, and go by a Place called the Speech Wen. I

started off and it threaten'd Rain storm, I concluded to go  
 by the Place, for the sake of Edwards, and it soon comenced to  
 storm, I was pretty wet reaching the place, I was called up to  
 the fire, and after little pleasantries I introduced myself, as  
 one from Utah, and acquainted with few of their folks, (the  
 Old Lady was not in House at present) to the Son I was  
 talking, well He appeared to be very glad to hear about them, asked  
 many questions, and I showed him many pictures, and at last  
 I comenced to tell him about the Gospel, he wanted to oppose little  
 by saying, that the age of miracles had passed, and that no such  
 a thing was to be any more &c, but I had good turn on him,  
 by the help of Lord, and bear my testimony to him, that whosoever  
 would obey, believing, would receive Knowledge to himself &c.  
 at this time the old Lady came in, complained of the Storm,  
 and Her Son said I was from Salt Lake &c, She gave away to her  
 passion, and said that if I would say anything there about the  
 doctrine, I would be runned out of the house, that she had runned  
 Edwards out; and that I would go to, I told her, that we should  
 in patience, possess our Soles, and while she changed her clothes  
 I introduced the Bk of Rev, to her son, told him what it was, but  
 he did not want it: I gave him some Tracts, I was invited to have  
 some Tea, I drank one cup, and thanked them for it, inquired of the  
 way to Langbythen, the Son came out and showed me the way, O  
 how it did blow and rained, Umbrella were of no use for the Wind,  
 so I concluded to return to Lampeter, going before the storm, I had  
 to change my pants and socks, Sun 19<sup>th</sup> I remained in the house  
 all day, with Margaret, Broe Thos had been in Bed sick since Sat;
