Mormon song

I'll tel you About a great Seward
That made all the peopel awake
That lately took place in the City
With the noble Brave Boys of Salt Lake

The sawders with bloodthirsty feelings
By Command of there Captain they went
Determined to ^{up} kill up the mormans
So Butcher them, was there intent

And the hypocrites began for to tremble
And those that were at ease for to quake
they thought they were surely coming
to kill the Brave Boys of Salt Lake
But the faithful with one mind & spirit
Prepared themselves ready to go
So the mountains as Counsel'd by Brigham
And suffer oppression no more
They put every ready for fare
Shes City there houses there all
there orchards there gardens there vineyards
Shes Improvements both Great & small

When Governor Comings did enter
He impressed upon all far to stay
But the faithful they listened to Brigham
And with their Waggon they Bunde'd away
But there were some of a Bastardy Nature
as Tares always grow with the wheat
That gave themselves up unto Comings
And would not to the Mountains retreat
But very few were of this Nature
And what I inform you is true
They are none in their way to hell let they
They pass'd Devils Gate far to go
But the faithful they all are united
Determined to ever be one
To stand true to God & good order
And to their kind hearted presiding young
Man farewell to all you Mob party
Remember this one thing well stand
The Mormons well grown Independent
And well soon be the Kings of the Land

Do they miss me at home Do they miss me
It would be an assurance most dear
To know at this moment some loved one
was saying I wish he was here
To know that the group by the fire side
was thinking of me as Mr's Rome
O yes it would be joy beyond measure
To know that they miss me at home

When twilight approaches the season
That every season is sung
Till some one repeat my name over
And say that I tarry too long
As there is laid in the music
That is missed when my voice is away
The card in each heart that awakens
Regret at my measureless stay

Do they sit me to chair by the table
When evenings own pleasure is high
When the candle is lit in the Parlor
And the stars in the calm sea sky

And when the good Nights are repeated
and all lay them down far to sleep
do they think of my absence & miss me
And whisper good Night when they sleep

Do they miss me at home Do they miss me
At morning at Noon or at Night
no longer some gloomy shade ^{round them} ~~near me~~
Which only my Presence could light
Oh joys be sweetly Welcome
As pleasure be had than before
Because I am miss'd from their circle
Because I am with them to know

The answer

yes we miss thee at home yes we miss thee
since the hour we had the adieu
And prayers have incircled thy Parting
from anxious hearts loving and true
That the sweet social gods & gods
as far from the world enjoy
And whisper whisper #
we miss thee all

When morning awakes us from slumber
We each from thy lips the bright kiss
And found in a wandering zephyr
To be wafted to him who we miss
And when we have found the home vessel
And replaced the still vacant shaver
In each eye rise the gathering tear drops
From him who we want to see there

The shadows of evening are falling
O where is the wanderer gone
The breeze that blows brightly around us
Perhaps may soon visit his brow
O bear on thy bosom a message
We are wandering why melt thou soon
The heart has grown sad & disgusted
For we miss thee all miss thee at home

A Mormon Song

O Come Come to day when plenty smiles to please us
let labor cease & joy increase
When god says ahoy
Come come to praise the lord Xpophile
And bear more faith & friendship smile
let not X sun defile

O Come Come to Day
To feast & express our gratitude to Jesus
Who gave us birth upon this Earth
And lifetime to stay
oh come where truth will gladden the
And illuminate eternity
And please hearts happily
oh come come to day

one spot on the Earth is free to Mormon workers
And may it gain X Redeem reign
So run meth Amoy
Where happy men and women to
With what the Gentiles never know
can know just what to do
O Come Come to Day

All over the globe good deeds will never cease,
But make you great in church and state
While truth bears the way
like as it were in Noah's flood
The prophets voice & martyrs blood
By saints are understood
Oh come come to Joy

While old Babelon the wicked world beguiling
With Lucifer to Tichel her
And drunk watch & pray
In thralldom lanes of hermany
will manifest our constancy
In god truth & liberty
Oh come come to Joy

The great day has come with saints & angels ^{smile}
With prophets true & light shew
So point out the way
Come bring in Sittens for reward
from treasures you have freely store
And gain life from the lord
Oh - Do come to Joy

you I'll sing so sweet it will be
my path all I pursue till you I'll see
I'll leave all my fears & all the pain
I'll go to save my sweet life
I'll sail over the waves so mighty on sea
I'll wrap the wide ocean so safely I'll be
I'll you will be so happy & free
I'll go to go there the temple to see

The angels will come to vision in time
I'll sing our glad praise to god & the Lamb
The angel company us all will enjoy
The robes will be full & none will cry
The eternal will be like lily in spring
The angels will praise & the angels will sing
I'll you will be so happy and free
I'll go to go there the temple to see

The Lamb will come to his temple to speak
I'll see of his mouth the Lamb we may seek
I'll see the power of god the prophet how true
The righteous will rise that long have been dead

Our forefathers here that is under the veil
will sing there God Prayers to give us length
in Zion they'll be so happy & free
I long far to go there the old folks to see
